

MD. ZULQARNAIN ANJUM

DATA ANALYTICS & PROJECT MANAGEMENT ASPIRANT

Dhaka, Bangladesh | 01957521189 | anjumsadat09082@gmail.com

Portfolio: sadatanjum.github.io | LinkedIn: md-zulqarnain-anjum

SUMMARY

Computer Science graduate passionate about using AI and smart tools to make everyday business operations easier. I add value by organizing data, automating slow tasks, and helping technical and business teams work together to make faster, better decisions.

PROFESSIONAL EXPERIENCE

CarryBee Express Ltd. (A concern of US-Bangla) | *Data Analyst Intern* May 2026 - Present

- **Reporting & Operations:** Extract and organize operational data using SQL to prepare accurate daily reports, directly supporting management decision-making.
- **Workflow Efficiency:** Streamline daily operations by building advanced spreadsheet formulas (Google Workspace/Excel) and automating business workflows.
- **Data Management:** Assist with data warehouse management, ensuring confidential business data is handled with precision.
- **Performance Tracking:** Build and maintain interactive dashboards to visualize key performance indicators and track business goals.

Nexvix (AI Startup) | *AI Developer Intern* Nov 2025 - Feb 2026

- **Technical Communication:** Maintained a strong understanding of software development workflows and emerging technologies to facilitate clear technical discussions.
- **Project Requirements:** Assisted in documenting technical requirements and translating industry demands into actionable technology solutions.
- **Startup Operations:** Took ownership of tasks and collaborated with internal teams to drive project execution in a fast-paced environment.

Udvash Academic & Admission Care | *Teacher & Academic Material Developer* Feb 2022 - Oct 2025

- **Presentations & Communication:** Conducted interactive sessions and delivered presentations to large groups, demonstrating exceptional public speaking skills.
- **Stakeholder Management:** Handled correspondence with guardians and management to report on progress and feedback.

Turing & micro1 | *Project-Based Contractor*

- Executed short-term, project-based technical assignments, demonstrating strong time management and the ability to adapt to new workflows quickly.

ACADEMIC RESEARCH & PROJECTS

- **Thesis: Stance Detection in Mental Health Discourse on Reddit:** Executed a data-heavy NLP research project requiring rigorous documentation, high attention to detail, and consistent project management.
- **Hub Transport Dashboard [GitHub]:** Real-time logistics performance dashboard built with Google Apps Script, monitoring 20+ distribution hubs with 3-tier SLA tracking and achieving significant reduction in manual reporting time.
- **Consumer Spending Trends Analysis [GitHub]:** Conducted financial data research to compile consumer behavior insights, creating visual dashboards for market intelligence.

- **Marketing Campaign Performance Analysis Report** [\[GitHub\]](#): Analyzed the success of Facebook and Google Ads campaigns by exploring data trends, finding connections between different customer actions, and using statistical models (logistic regression) to understand what drives results.

EDUCATION

Jahangirnagar University

May 2026 - Present

MSc in Data Science & Applied Statistics

BRAC University

Oct 2021 - Oct 2025

BSc in Computer Science & Engineering

Notre Dame College

2020

HSC (Science)

St. Joseph Higher Secondary School

2018

SSC (Science)

SKILLS & TECH KNOWLEDGE

Operations & Management

Project & Tech Event Management, Stakeholder Relationship Management, Market Research & Documentation.

Data & Tech Stack

Python, SQL, Power BI, Tableau, Advanced Spreadsheets, Software Development Workflows.

Automation & Analytics

n8n, Google Workspace, Hypothesis Testing, Data Analysis.

Soft Skills

Public Speaking, Presentations.

COMMUNITY & LEADERSHIP

- **BRAC University Computer Club (BUCC) | Event Support & Peer Engagement (2023 - 2025):** Organized tech sessions and workshops; fostered a collaborative culture across university departments.
- **Awareness360 | Volunteer (2018):** Supported the execution of community awareness campaigns and assisted in the rollout of social impact programs.
